

I do not want my K-LOVE FM radio station to be overridden by an LPFM station. We have no local Christian radio station, and in a small community where there is one dominant religion, we likely never would. I see many K-LOVE bumper stickers when I drive around town. It's a listener funded station, and I sponsor to help receive it in my community. K-LOVE is clean and easy, uplifting Christian listening and I can't get through a day without it! I NEED MY K-LOVE!! Thank you, Rebecca Keiser
